FADE IN:

THE SKY

A golden feather drifts amidst sun-rimmed clouds.

CUT TO:

EXT. STREET CORNER - EAST LOS ANGELES - NIGHT - PRESENT

A blighted urban block of graffiti and vacant storefronts. Nobody in sight. A soot-covered garbage truck huffs to a stop at a traffic light.

HOODIE MAN, lanky figure cloaked under loose garb, sits at the wheel, lights a cigarette. SWARM OF FLIES lead his gaze to:

A BODEGA. Light changes. Hoodie Man turns truck towards the store.

EXT. BODEGA - NIGHT

Hoodie Man swings from the truck, follows the flies to the rear of the darkened bodega. CAWWW!

A CROW, beady-red eyes, lands atop a garbage DUMPSTER.

Hoodie Man lingers on the grime-steaked container looming in shadow. He takes a final pull of cigarette, flicks the butt.

BACK TO:

THE SKY

TAMMY, 17, pretty despite heavy makeup creating unsettling girl/woman dichotomy, emerges from the clouds, serenely floats through the blueness.

CUT TO:

EXT. HIGHWAY - NIGHT

A desolate stretch of desert roadway.

A car, pulling a vintage silver-skinned Airstream travel trailer, pulls to a stop on the shoulder.

BRET, mid 30's, fair with boyish good looks, steps out. He sniffs the air, notices a posted SIGN:

*Angelus Pork Processing*

EXT. ANGELUS PORK PROCESSING PLANT - NIGHT

Bret climbs a ridge, looks out on:

A sprawling, industrial slaughterhouse aglow in light. Bret notices another glow.

The lights of Los Angeles on horizon.

EXT. STREET CORNER - NIGHT

Bret brings car and trailer to a stop, awaits the traffic light. FLIES lead his gaze to the bodega.

Light changes. Bret turns car towards the store.

BACK TO:

THE SKY

Tammy continues to drift. PIG GRUNTS.

She opens her eyes to PIG CARCASS, deformed by multiple surgical incisions and connected to an I.V. tube, emerging from the clouds.

INTERCUT BRET/TAMMY

Bret parks car and trailer behind the bodega, steps out. CAWWW!  
Crow lands atop the dumpster.

Tammy calmly watches as pig carcass drifts closer.

Bret takes a step towards the dumpster. Crow brazenly eyes him.

Pig Carcass draws closer, OPENS A WITHERED EYE.

PIG CARCASS  
(raspy)  
*Slut...*

Bret takes another step. Crow holds its ground. Bret pauses, backs away.

BESTIAL GROWL from Pig Carcass.

PIG CARCASS  
*DIRTY, STINKIN' --*

CUT TO:

INT. TAMMY'S HOUSE/BEDROOM - DAY

Tammy JERKS AWAKE.

She lies in a tangle of bedsheet in the small, teenage-messy room. She collects herself, sits up.

BATHROOM

Rusty water runs in the sink.

Tammy waits for it to clear, washes her face.

LIVING ROOM

Unkempt with overflowing ashtrays and strewn beer cans. A Woman snores open-mouthed on a couch before television.

Tammy steals through.

INT. HIGH SCHOOL/CLASSROOM - DAY

TEACHER, drab man, sketches a geometric cube onto a blackboard.

TEACHER  
(deadpan)  
So, let's say we have a room, or a space,  
which we are renting. And we want to find  
out how much per square foot we are paying  
for the space. So, first we measure the  
length of the space. Then we measure...

A couple dozen Students are to varying degrees not paying attention.

Tammy sits slumped. She jots something on a scrap of paper, folds it, and tosses it over student in front of her.

The note lands on desk of BEV, 17, queen-bee in all respects. She opens it:

*plz kill me*

Another folded note lands. Bev opens it:

*How much think to get room somewhere*

Another note:

*Serious*

Bev turns, gives Tammy *stupid question* look. Tammy slumps further.

GIRL'S BATHROOM

Tammy sits in a stall. CAWWW!...of Crow drifts in. Tammy notices:

*Bambi is a Angelus whore* -- scrawled on the wall. Tammy lingers on this...

CLASS-CHANGE BUZZER.

HALLWAY

Hallway fills with students. Tammy joins the flow, slips out an exit.

INT. BOUTIQUE - DAY

Tammy browses the upscale merchandise, stops at a jewelry display.

An EYE, ruby iris with topaz accents, piques Tammy's interest. She notices display case is unlocked, scans area, spots a Clerk.

Tammy casually steps away from the jewelry to a rack of negligee outfits, chooses one of white silk.

LATER

Tammy stands in a fitting room, regards her reflection.

The negligee droops on her slight figure. Tammy winces in pain, removes a large pin from panties. She considers the pin, traces it down her arm, almost drawing blood -- senses a presence -- looks to the ceiling.

Nothing there. TEXT NOTIFICATION. Tammy checks her phone:

*wya dear*

Tammy types a reply, slips her street clothes on over the negligee.

LATER

Tammy steps past the jewelry display case, notices:

Eye is gone.

EXT. SHOPPING MALL/PARKING LOT - DAY

Tammy pushes her top aside to the negligee. Bev inspects the label.

BEV  
Italia. Not bad.

Tammy, Bev, and KARA, 17, cliquishly pretty, sit in a convertible.

KARA  
Thought you preferred little, sparkly thingies.

TAMMY  
(shrugs)  
Switch it up.

KARA  
Now just need a boyfriend.

TAMMY  
I do it for me.

BEV  
(sighs)  
Classic klepto.

TAMMY

Not everyone has *oh-daddy-please* to get us whatever we want.

BEV

No hating, dear.

KARA

(to Tammy)

You know your ass is going to get snagged.

TAMMY

Eh. Still just a minor.

KARA

(to Bev)

She sooo gets-off on it.

BEV

Gotta get-off on something. Speaking of which...

Starts the car.

BEV (CONT'D)

Practice time.

EXT. HIGH SCHOOL/FOOTBALL FIELD - DAY

A high school football team practices on the field. Tammy, Bev and Kara sit in the otherwise empty bleachers.

BEV

Could just get a j-o-b.

TAMMY

I'm chill, thanks.

KARA

Even part-time. Just for, you know...

BEV

Structure and sense of --

WHISTLE SOUNDS from the field.

BEV (CONT'D)  
(shouts down)  
Good fuckin' stick, Twenty-Nine!  
(to Tammy)  
Purpose.

KARA  
Right. Structure and purpose.

TAMMY  
Chill, thanks.

BEV  
And rent money

KARA  
And rent -- what rent money?

BEV  
Someone is itchin' to fly the coop.

TAMMY  
Maybe just a room somewhere. When I can.

KARA  
Slayyy, I'm in. Okay...ummm...how bout  
just, like, a regular job? At a regular  
store? Selling, like, regular shit?

BEV  
Ummm, like, sticky fingers?

KARA  
And can't involve people since she hates  
everybody.

TAMMY  
Just the assholes.

BEV  
Right. Everybody.

KARA  
How about...hmmm...

BEV  
Perhaps something in...

TAMMY  
Who's Bambi?

BEV/KARA  
Bambi?

TAMMY  
There was some stuff in the bathroom.

BEV  
I believe that would be Bambi Palmer.  
West River cheerleader hall of fame.

KARA  
Goin' back a few years. What *stuff*?

TAMMY  
Well, that she's a --

BEV  
Angel?

TAMMY  
Yeah, but --

KARA  
(to Bev)  
Wait. You don't mean *that* kind of...?

BEV  
Know any other?

TAMMY  
So, I mean --

KARA  
But I thought she went to college and got  
married and, you know...

BEV  
Happy-ever-after? Apparently took a little  
detour.

TAMMY

*Excuse me.*

Bev and Kara turn.

TAMMY (CONT'D)

What the fuck are you talking about?

Another WHISTLE, football players head for the sideline.

BEV

(down to field)

Sit your sorry ass down, Twenty-Nine!

She stands.

BEV (CONT'D)

Shall we?

EXT. OFFICE PARK - DAY

Rows of aging, windowless industrial buildings set against a barren landscape. Posted SIGN on a fence reads:

*West River Office Park*

Bev ducks through a hole in the fence.

BEV

In we go.

KARA

Just like old times.

Tammy notices another SIGN:

*Trespassers Will Be Prosecuted*

TAMMY

Ummm...?

KARA

Relax. Came here all the time as kiddies.

BEV  
And played kissy-kiss with the boys.

Bev heads off.

KARA  
Kissy-kiss.

Kara ducks through. Tammy hesitates, follows.

EXT. OFFICE ENTRANCE - DAY

A solid metal door is identified as *Angelus Adult Productions*.

Tammy, Bev, and Kara stand before it.

KARA  
Behold, *Angelus*.

BEV  
Or what used to be.

TAMMY  
You dragged me here for some porn shit?

KARA  
(hillbilly accent)  
Now, Tammy Lynn, was you a-ganderin' at  
porno-o-graphy when you was a-livin' out  
thar in the back woods'a Kentucky?

TAMMY  
Arkansas. And I don't *gander*.

KARA  
Well, ya'll do realize ur gonna have ta  
make like the porn-o if ya'll wanna have  
lil uns an' such.

TAMMY  
Maybe I don't want any of them either.

KARA  
I declare the child must be possessed.

Raises a hand to Tammy.

KARA (CONT'D)  
Demons! I command thee to vacate the --

BEV  
Back...to the matter at hand.

Tries the entrance. Locked.

BEV (CONT'D)  
Maybe not.

Kara pounds on the door.

KARA  
Hey! Angelus! You in there?

TAMMY  
Stop!

Bev and Kara regard her.

TAMMY (CONT'D)  
Let's just bounce.

BEV  
(beat)  
Sure.

INT. BEV'S BEDROOM - DAY

Bev spreads a stack of hardcore, somewhat cheesy "B"-type porn magazines, circa 1980's and 1990's, onto a bed.

BEV  
My dad's stash. Collectible, I guess.

TAMMY  
Careful. Might've left some *collectible* on those pages.

KARA  
Ew.

Bev ruffles through the magazines.

BEV  
Strange. Could've sworn Bambi was here.

TAMMY  
Maybe *stuck* somewhere?

KARA  
Double ew.

BEV  
However, who do we have...

Bev displays a COVER.

KARA  
Wait. Amber Litsmyer?

BEV  
In the flesh.

KARA  
No surprise there.

BEV  
Yeah. Rumor had it lil Ambie did rather  
enjoy spreading for the squad.

KARA  
*Entire* varsity squad.

TAMMY  
Spare me.

BEV  
Speaking of which, let's give a warm West  
River Wildcat growl to...

Bev displays another COVER.

KARA  
Cindy *boink-boink* Binkelstein! Go team!

TAMMY  
So basically, this Bambi ended up...

Bev restacks the magazines.

BEV

A wee-bit deeper. Because this represents but a fraction of the disproportionately elevated percentage of West River High alums represented therein.

KARA

*Alums.* Hah.

BEV

But *why*?

KARA

Why. Ummm...because...

TAMMY

A lot of sluts went to West River?

BEV

Or, perhaps, there's something darker. Something that lurks in those puke-green halls, waiting to lure its next innocent victim. And just perhaps it's...

Bev and Kara turn to Tammy.

EXT. "FRY-JOINT" - DAY

A trendy eatery.

Bev, Kara and Tammy sit at a table and munch french-fries.

BEV

But serious. Can still score some decent cash. Even though the biz ain't what it was.

TAMMY

Biz?

BEV

I like to stay in the loop.

KARA

Plus, it's all completely legal. I think.

TAMMY

Plus, it looked long gone anyway.

BEV

I believe the mag went bye-bye. But got funny little feeling *Angelus* is still out there. Somewhere.

TAMMY

There's no fuckin' way I'm --

KARA

Shshsh. Here they come.

FOOTBALL GUY #1, sporting "29" on his jersey and FOOTBALL GUY #2, also sporting a jersey, step to the car.

FOOTBALL GUY #1

What's good?

BEV

You're kinda interrupting something kinda private.

Tammy feels Football Guy #2's gaze. She hikes up her sleeve to forearm riddled with raw welts. Football Guy #2 averts his gaze.

FOOTBALL GUY #1

Kinda?

BEV

Take a breather, Twenty-Nine.

Football Guys #1 and #2 take the hint, step away. Tammy and Kara eye Bev.

BEV (CONT'D)

I know, a tad harsh but...

Brings up a drooping fry.

BEV (CONT'D)

No softies allowed.

Kara and Tammy roll their eyes.

INT. TAMMY'S HOUSE/LIVING ROOM - NIGHT

MOTHER, late 30's, prematurely gray, dozes amidst the clutter. She coughs herself awake, takes swig of beer.

TAMMY'S BEDROOM

Tammy lies awake. MOTHER'S DRUNK MUMBLINGS drifts in.

LATER

Tammy removes a shoebox from under her bed, opens it to a cache of sparkling jewelry -- *drawn into the shimmering light.*

MOTHER (O.S.)

Tammy!

BACK TO:

LIVING ROOM

Mother rummages through couch cushions.

MOTHER

Did you take my fuckin'...

She searches under the couch, finds a pack of cigarettes.

MOTHER (CONT'D)

Never mind.

Mother spots something else, stretches to reach it.

BACK TO:

TAMMY'S BEDROOM

Tammy -- *senses a presence.*

Mother stands in the doorway.

TAMMY

What.

MOTHER

Nothing.  
(beat)  
Found this.

Brings up a golden feather.

MOTHER (CONT'D)

Yours?

Tammy falls silent. Mother places the feather on windowsill, takes another swig of beer.

MOTHER (CONT'D)

Pretty.

Mother BURPS, steps away. Tammy closes the shoebox, considers the feather, and rolls under the bedsheet.

CUT TO:

EXT. BODEGA - NIGHT

ROAR of ENGINE as rear of the garbage truck tilts back -- a viscous, fleshy mass slides into the dumpster.

Hoodie Man swings from the truck, peers inside.

ORGANIC BUBBLING rises from deep blackness.

Hoodie Man takes a final pull of cigarette, flicks butt, and releases dumpster lid.

LID SLAMS CLOSED.

BACK TO:

TAMMY'S BEDROOM

Tammy wakes.

Crow lands on the sill, snags the feather, flies off. CAWWW!... beckons from the darkness.

EXT. STREET CORNER - NIGHT

All is quiet. Tammy appears, notices Hoodie Man's still smoldering butt in the alley, and:

The feather, amongst some strewn garbage. Tammy plucks it out. Something else amongst the garbage catches her eye. She brings up, unfolds:

*Angelus* CENTERFOLD of Bambi, 20's, pin-up platinum blonde, framed by angel wings, recumbent in rear of a '69 Mustang Convertible. BUZZZ...flies lead Tammy's gaze to the dumpster.

Tammy lingers on the container -- it takes on a SOFT GLOW. Tammy turns.

GLOW emanates within the bodega.

INT. BODEGA - NIGHT

Cluttered aisles stocked with mostly Indian fare. Only presence: The jeweled Eye (re: display case) SHIMMERING in the darkness.

INT. TAMMY'S BEDROOM - NIGHT

Tammy opens the shoebox, adds the feather and centerfold of Bambi to cache.

SOUND OF OCEAN SURF

CUT TO:

DREAM SEQUENCE

A final touch of golden glitter is brushed onto Tammy's eyelids. She opens them to:

Bambi.

Bambi smiles down to Tammy, puts a makeup kit aside, and brings a hand to Tammy's abdomen -- to a few small, half-healed incisions.

BAMBI  
I know all about that.

Leans closer to Tammy.

BAMBI (CONT'D)  
Say it...

Traces a fingertip across incisions.

BAMBI (CONT'D)  
Please. Say it...

Lowers lips to hairsbreadth of Tammy's

BAMBI (CONT'D)  
*For me.*

Tammy takes a breath -- *about to speak...*

CUT TO:

INT. TAMMY'S BEDROOM - NIGHT

Tammy jerks awake, collects herself. FAINT, DEEP RUMBLING. She freezes.

Silence.

CUT TO:

EXT. ANGELUS PORK PROCESSING PLANT - NIGHT

The industrial slaughterhouse set amidst barren landscape.

The DEEP RUMBLING. GURGLING.

BLOOD oozes from the ground, begins to flow along parched earth.

EXT. STREET CORNER - NIGHT

The viscous blood oozes up through fissures in the asphalt, flows along the alley. The empty street.

EXT. BODEGA - NIGHT

Blood flows towards Bret's trailer.

INT. BRET'S TRAILER - NIGHT

The blood enters through the floor, snakes through the cramped but meticulously tidy quarters. Past a surgical table, array of surgical instruments/lights, and...

A stainless-steel FREEZER from which an I.V. TUBE runs.

DRIP...

A drop of blood oozes into the I.V. tube.

BACK TO:

TAMMY'S BEDROOM

Tammy lies awake. She opens the shoebox, unfolds centerfold of Bambi, notices:

BLOOD on her fingertips.

CUT TO:

INT. BRET'S TRAILER - DAY

Sun streaks through drawn curtains. DRIP.

Bret wakes, stretches, turns to freezer.

BRET  
Morning.

CUT TO:

SERIES OF SHOTS

Bret:

Showers.

Towels off.

Slips on latex gloves.

Switches on surgical lights.

Removes incision-riddled pig carcass from freezer.

Positions the carcass belly-up on surgical table.

ELECTRIC WHIRR -- Bret activates a thin, flexible endoscopic device with a bladed tip.

Hangs a bag of blood on I.V. stand, notices:

The viscous BLOOD already in I.V. tube running from pig carcass.

Bret pauses, puzzled. TWEET of a lone bird. A shaft of morning sunlight enters.

BRET  
Then again...

Disconnects I.V. tube from the carcass.

BRET (CONT'D)  
Day off?

LATER

Bret opens a food cupboard:

Practically empty.

LATER

Bret opens a jar, dumps out contents:

A few dollars and change.

BRET  
Then again...

LATER

Bret, impeccable in tweed suit, adjusts his tie and turns to the freezer.

BRET  
Behave yourself.

EXT. ANGELUS PORK PROCESSING PLANT - DAY

Bret's car pulls to a stop at a gate. FEMALE VOICE emanates from an intercom.

Help ya?

BRET  
Are you hiring?

FEMALE VOICE  
Hiring?

BRET  
Yes.

FEMALE VOICE  
Hold on.  
(beat)  
Have an appointment?

BRET  
No. However I do have experience.

FEMALE VOICE  
Hold on.  
(beat)  
What kind of experience?

BRET  
Extensive.

FEMALE VOICE  
Hold on.  
(beat)  
Pull through and follow signs to the office.

The gate rises.

INT. ANGELUS PORK PROCESSING PLANT - DAY

A drab office with a few scraggly plants clinging to life.

Bret remains standing while filling out a form. He notices a blood stained "*West River Department of Health*" certificate on a wall.

SECRETARY, 30's, tube-top and hoop earrings, sits at a desk. Bret finishes, hands her the clipboard. Secretary peruses it.

SECRETARY  
Bounced around a bit?

BRET  
Could say.

SECRETARY  
Me too. A bit.

Secretary flashes a flirty smile, sets clipboard aside. Bret remains standing.

SECRETARY (CONT'D)  
Can sit if you want.

Bret considers a stained chair, remains standing. Secretary takes a phone call. Bret notices her half-open bag, and:

A few tampons inside. A door suddenly opens to:

HARRY ANGELUS JUNIOR, 50's, all beard and bulk contained within overalls.

JUNIOR  
So...

Takes up the clipboard.

JUNIOR (CONT'D)  
Bret?

Bret picks up his metal briefcase.

JUNIOR'S OFFICE

A PHOTOGRAPH of HARRY ANGELUS SENIOR, 80's, corpulent man, arms draped around pair of nubile winged Angelus Girls, set on a desk.

Junior reclines, takes in Bret's formal mien.

JUNIOR

Sure ya got the right place?

Bret places his briefcase atop the desk, snaps it open to a set of very large, gleaming knives.

BRET

Swiss victorinox. Triple forged, hardened,  
and diamond...

Removes a knife.

BRET (CONT'D)

Edged.

Junior sucks a tooth, impressed.

PROCESSING FLOOR

Cacophony of PORCINE DEATH SQUEALS reverberates through CLANG of CONVEYOR BELTS.

Bret follows Junior past blood-splattered Workers using pneumatic-powered saws to efficiently disembowel and dismember passing pig carcasses.

Junior stops at an unmanned station.

JUNIOR

Appreciate your little collection. But  
in these parts...

Activates a power saw.

JUNIOR (CONT'D)

(shouting above WHINE)

More *slash*! More *cash*!

Turns off saw, offers up a butcher's apron.

JUNIOR (CONT'D)  
Questions?

Bret takes the apron.

BRET  
Men's room?

LOCKER ROOM

Pair of Slaughterhouse Workers, grizzled veterans, observe Bret as he stands before a mirror, tidies his hair, straightens tie, and turns to them.

BRET  
Women's room?

Slaughterhouse Workers just stare.

CORRIDOR

Bret nonchalantly approaches a cracked open "Women's Restroom" door, spots a waste basket, and inside:

A few tampon wrappers. Bret slips on a latex glove, checks that coast is clear, and makes his move.

Secretary rounds the corner.

SECRETARY  
Hi again, Bret.

BRET  
Hi...

SECRETARY  
Penny. As in for your thoughts.

BRET  
Right.

Penny (Secretary) feeds coins into a vending machine.

PENNY  
Lunchtime.

She retrieves a bag of chips and holds up a fast-food bag.

PENNY (CONT'D)  
I'll share.

Bret, hands behind back, snaps off the latex glove.

EXT. ANGELUS PORK PROCESSING PLANT - DAY

Bret and Penny sit at a picnic table under a lone scraggily tree.

Bret produces the endoscopic surgical device from shirt pocket, penetrates a hamburger with it, and studies the greasy sample.

PENNY  
Not looking to poison you.

Takes a bite of burger.

PENNY (CONT'D)  
Yet.

Bret cleans the device.

BRET  
Just a little careful.

PENNY  
I get it. Never know what kinda crap they throw in there. But...

Another bite.

PENNY (CONT'D)  
So damn good.

BRET  
If you enjoy it.

PENNY  
No judgement. Nice. So, as far as me, this is just a temporary gig. Suck it up until the beauty school funds are there.

Bret sniffs the air.

BRET  
What's that.

Penny sniffs.

PENNY  
Oh, just the sewer plant.

BRET  
As in shit?

PENNY  
Hah! And funny. But you get used to it.  
The owner of this place runs that too.  
Started in porn business. *Porn to pork.*

Penny chuckles. Bret remains straight-faced.

PENNY (CONT'D)  
So what does Bret do for fun?

BRET  
Not much.

PENNY  
Oh stop. We all have our passions, even  
something simple. I love dancing, knitting,  
and just going out with friends.

BRET  
I have one friend. But he's clinically  
dead.

PENNY  
Stop! But seriously, there has to be --

BRET  
Glands.

PENNY  
Glands?

BRET  
(beat)  
Glands.

CUT TO:

EXT. TRUCKSTOP - NIGHT - FLASHBACK

Rows of tractor trailers parked along a multi-lane highway.  
Bret stands outside his trailer in wind and soaking rain.

BRET  
(shouting above engines)  
Vile, little nodules excreting noxious bile!  
Coursing through every part of your being,  
every second of every day! And because its  
anatomy so closely resembles our own...

Heaves pig carcass onto surgical table.

BRET (CONT'D)  
Our friend is the ideal stand-in.

But the only audience is the highway traffic careening past.

BACK TO:

PROCESSING PLANT

Penny chokes on her burger.

PENNY  
Wow. That's all...I mean --

BRET  
Of course, the forces-that-be profit on  
illness and ignorance. But they really  
should be extricated.

PENNY  
Extricated?

BRET

Then again, you're too old and  
contaminated for it to matter much.

Slips the endoscopic device back into shirt pocket.

BRET (CONT'D)

Despite not being a swine.

Penny chokes again.

INT. ANGELUS PORK PLANT/PROCESSING FLOOR - DAY

Bret removes a gleaming knife from his case, faces a corpulent pig carcass strung on a hook, notices:

An Eye -- A BRANDING -- seared into the hind quarters of the carcass. Bret uses the tip of his knife to slowly rotate the animal, exposing its malformed head and large, CYCLOPTIC EYE.

Bret gazes into the dark orb.

CORRIDOR

Bret again approaches Women's Restroom, slips on a latex glove.

CUT TO BLACK

GURGLING

EXT. ANGELUS PORK PLANT - DAY

GURGLING continues. Blood again bubbles from the ground, flows.

EXT. ANGELUS SEWER PLANT - DAY

The blood snakes along, flows towards a posted SIGN:

*Angelus Sewer Processing* -- another sprawling industrial complex.

LOUD GUSHING.

BLACK SEWERAGE spews forth, flows towards the slaughterhouse blood. The two streams meet -- MELD into a viscous SEWER-BLOOD CONFLUENCE oozing along the parched earth.

EXT. ANGELUS ESTATE - DAY

A large, ornate estate house and manicured grounds nestled in a desert valley.

The stream of sewer-blood snakes towards the outskirts of the estate. Blood slows, stops at the golden-gated entrance adorned with an ornate "H-A" MONOGRAM.

INT. ANGELUS ESTATE - DAY

A cavernous mahogany-paneled room with floor to ceiling windows looking out on a large swimming pool. Nobody in sight and room is bare save for rows of identical FRAMES lining a wall.

EXT. ANGELUS ESTATE/ SWIMMING POOL - DAY

Harry Angelus Senior, folds of fat encompassing tiny Speedo, lounges on a floating chair in the pool. He brings up a cigar.

SENIOR

Things come. And things go. But there's  
one thing in this here world that'll never  
change. Meat goes in...

A nubile, winged Angelus Girl lights Senior's cigar. He takes a long puff.

SENIOR (CONT'D)

And shit comes out.

INT. BRET'S TRAILER - DAY

DRIP...

A drop of sewer-blood oozes into the I.V. tube. Silence. Then...

FAINT HEARTBEAT inside the freezer.

EXT. BODEGA - NIGHT

Bret's car pulls to a stop alongside his trailer.

INT. BRET'S TRAILER - NIGHT

Bret tiredly slumps down, looks to the freezer.

BRET  
Hard day.

He opens his case, removes a zip-lock bag containing a few bloodied tampons.

BRET (CONT'D)  
Bonus.

Bret stands. SCURRYING -- rodent-like.

Bret looks to the freezer. Silence.

LATER

Bret masturbates. He nears climax, places the tampon bag over his face, takes a deep breath, and violently vomits.

Bret catches his breath, climbs to his feet. More SCURRYING, and:  
The freezer door ajar.

Bret considers this for a few beats, closes the door.

INT. TAMMY'S BEDROOM - NIGHT

Tammy stares at the ceiling. DRONING TELEVISION drifts in.

INT. HIGHSCHOOL/CLASSROOM - DAY

Teacher DRONES. Tammy sits at desk, miles away.

31.

CUT TO:

GIRL'S BATHROOM

Tammy steps to the sink. SEWER-BLOOD SPEWS from the faucet.  
Tammy recoils, notices:

*Bambi R.I.P.* -- scrawled on the wall. CAWWW!...again beckons.

EXT. OFFICE PARK/ANGELUS PRODUCTIONS OFFICE ENTRANCE - NIGHT

Nobody in sight. Tammy steps to the entrance, tries the door.  
Unlocked.

INT. ANGELUS PRODUCTIONS OFFICE - NIGHT

Dark and dank. Industrial CREAKS and GROANS ECHO.

Tammy makes her way down an empty corridor, comes to a small  
room containing a shelf of MONITORS.

MONITORS SWITCH ON:

CAM ROOMS -- identical cubicle-sized spaces with bare mattresses  
before identical CLOUDS/SKY BACKDROPS.

CAM ROOM

Tammy enters the darkened room. Deep silence.

Tammy lowers herself onto the mattress, turns to the faded  
backdrop -- *drawn into the CLOUDS/SKY.*

CUT TO:

INT. BODEGA - NIGHT

The Eye glows in the darkness. BLINDING WHITE LIGHT.

GHOSTLY, SPECTRAL IMAGES -- SILENT B/W FILM FOOTAGE -- PROJECTED  
onto a SMALL SCREEN:

*PEDESTRIAN STREET SCENE, circa early 1900's, hustle and bustle of an industrialized city (Bombay?). BEGGER GIRL, piercing gray eyes between folds of her wrapped bindi, sits in a squalid alley as crowd indifferently flows past.*

SCENE ENDS. STARTS AGAIN.

The Eye SHIMMERS as it watches the SCENE.

CUT TO BLACK

EXT. BODEGA - DAY

A Closed SIGN is flipped to Open.

INT. BODEGA - DAY

CLERK, 60's, small Indian man, settles behind the counter, turns to Eye in the shadows.

CLERK  
Another day...

Clerk opens a window blind.

Sunlight illuminates an antique KINETOSCOPE, a small projector and screen housed within an ornate cabinet topped with a STATUETTE:

PIG BEAST, imposing deity with a single JEWELLED EYE flanked by gold-tipped tusks.

Clerk lights incense at feet of the statuette, looks out on the blighted street.

CLERK (CONT'D)  
Who knows what she will bring.

INT. TAMMY'S BEDROOM - DAY

Tammy lies awake.

LIVING ROOM

Mother snores open-mouthed on the couch. Tammy steals through.

EXT. STREET CORNER - DAY

Tammy ducks through the hole in the fence, again stops at the dumpster, and turns to the bodega.

INT. BODEGA - DAY

Tammy surveys the energy drinks. Clerk watches.

CLERK  
What you look?

TAMMY  
Super-max-caf-cherry-infusion.

CLERK  
Rapture? I have in back.

Clerk steps into a back room. Tammy waits, notices Pig Beast statuette atop the kinetoscope and its:

Jeweled Eye.

Tammy checks on Clerk. No sign. She leans over the counter, reaches for the statuette. It does not budge. She attempts to remove the Eye. Stuck. She gives up.

The Eye suddenly falls from the statuette, lands atop the counter. Tammy snatches it, turns:

Bret.

BRET  
Maybe it's none of my business, but those  
aren't very good.

TAMMY  
I wasn't...I was just --

Bret brings up a bottle of water.

BRET  
Much better.

TAMMY  
(realizing)  
You're right. It's none of your --

Bret's gaze shifts:

Tammy's welted forearm. She hikes down her sleeve.

Clerk returns, rings up a bottle of *Rapture* energy drink.

CLERK  
Super-max-caf-cherry-infusion. And  
Ding-Dong.

Includes a pack of *Ding-Dong* cupcakes.

CLERK (CONT'D)  
Five twenty-five.

TAMMY  
I don't want those.

CLERK  
Don't want what.

TAMMY  
Ding-Dong.

Clerk, bit flummoxed, sets cupcakes aside. Tammy turns.

Bret is gone.

CLERK  
Three twenty-five. Please.

EXT. BODEGA - DAY

Tammy steps from the bodega, takes the Eye from her bag.

The jewel sparkles. Tammy turns to leave, notices:

Bret's trailer.

Tammy lingers on the gleaming trailer, stark against blighted surroundings.

INT. TAMMY'S BEDROOM - DAY

Tammy adds the Eye to cache in shoebox, brings up centerfold of Bambi.

CUT TO:

CAM ROOM

Tammy lies before the backdrop -- *enveloped by the CLOUDS/SKY.*

SOUND OF OCEAN SURF

CUT TO:

DREAM SEQUENCE

Tammy lies framed by angel wings.

Bambi traces a fingertip across the small incisions in Tammy's abdomen to a raised scar (*branding?*) seared around Tammy's navel.

BAMBI  
Please. *Say it.*

Tammy -- *about to speak.*

BACK TO:

CAM ROOM

The SCURRYING. Tammy wakes. LOUD SCURRYING.

Tammy sits up. Follows the SCURRYING up the inside of the wall to the ceiling. Silence.

TAMMY  
(sighs)  
Well...

CUT TO:

INT. BEV'S BEDROOM - DAY

Bev talks on phone.

BEV  
Got your room. Sorta.

INT. TAMMY'S BEDROOM - DAY

Tammy talks on phone.

INTERCUT TAMMY/BEV

TAMMY  
Yeah. Sorta.

BEV  
Sure nobody's watching?

TAMMY  
Other than the rats, all to myself.

BEV  
Might come in handy for a moonlight tryst.

TAMMY  
Haunted. Remember.

BEV  
Add a little spice. But seriously, wouldn't mess too much. Never know what's lurking around an abandoned place like that.

TAMMY  
Maybe *it's back*?

BEV  
You know what I mean.

TAMMY  
Speaking of which, do you know what happened to that cheerleader? Exactly?

BEV  
Bambi?

TAMMY

There was some more stuff in the bathroom.

BEV

Like I said, going back a bit.

TAMMY

But do you know if she's still around?

BEV

Tammy dear, you need to be just a little more --

CAR HORN.

BEV (CONT'D)

Code Twenty-Nine, gotta run. And watch yourself with those micies.

Bev ends the call.

TAMMY

Rats.

INT. BODEGA - NIGHT

All is dark. FLASH OF WHITE LIGHT as the kinetoscope COMES ON:

*Begger Girl sits shivering in the alley as crowd flows past.*

Clerk watches from the counter.

CLERK

The poor beauty.

Looks to Pig Beast statuette, notices its missing Eye.

CLERK (CONT'D)

Can't have that...

Takes another Eye from a drawer, attaches it to statuette.

CLERK (CONT'D)

What is beauty if one can not behold it.

Clerk TURNS OFF LIGHTS, locks door behind him.

Kinetoscope COMES BACK ON:

*Begger Girl lights a candle, curls into a blanket. Crow flutters down, waits. TOOTHLESS WOMAN, stooped whisp of a figure, stops and tosses a bag of garbage into the alley. Crow descends on the garbage. More crows descend. Begger Girl watches the feeding frenzy.*

CUT TO:

INT. BRET'S TRAILER - NIGHT

DRIP...

Another drop of sewer-blood oozes into the I.V. tube to freezer. Faint HEARTBEAT...INTENSIFIES.

FREEZER DOOR SLAMS OPEN.

CUT TO:

INT TAMMY'S BEDROOM - NIGHT

Tammy bolts upright. Silence -- *premonition*. She opens the shoebox.

Eye is gone.

Tammy rummages through the other jewels, flinches in pain, and brings up a large pin.

DRIP...

Drop of blood drips from a pin-prick in her finger.

CUT TO:

CAM ROOM

Tammy traces the pin down her arm, presses it into her flesh. Blood trickles -- *senses a presence*. She looks to the ceiling:

Eye stares down.

Tammy stares back at the jewel now mounted directly above her.

Eye stares.

Tammy hops onto the bed, attempts to reach the jewel, manages to get a grip. Eye does not budge. She falls back on the bed.

Eye stares.

LATER

Tammy fiddles with her phone -- *tries to resist but back to...*

Eye.

Tammy takes handful of tissues from her bag, wets them into a wad, takes aim, and smacks it against Eye. The wad sticks momentarily, falls off. Tammy makes a bigger wad, takes aim.

SCURRYING. Tammy pauses, again takes aim. AGGRESSIVE SCURRYING. Tammy slumps back. Silence.

TAMMY

Okay, bro. Relax.

Eye stares.

CUT TO:

INT. BRET'S TRAILER - DAY

Bret snaps on a latex glove, turns to open freezer door, notices:  
Door already ajar.

Bret gives pause, snaps on other glove.

LATER

Pig carcass lies belly-up on the surgical table. Bret turns on surgical lights, notices:

A large FANG, jutting from carcass's mouth.

Bret pulls back the animal's lip, studies the tooth.

LATER

Bret places pig carcass back into the freezer, securely closes the door.

INT. BODEGA - NIGHT

Bret browses an aisle, comes to a small room marked "Adult".

CLERK (O.S.)  
Puss or Ramen?

BRET  
Sorry?

Clerk sits at the counter.

CLERK  
You look puss-book...

Produces a stack of porn magazines.

CLERK (CONT'D)  
Or Ramen.

Bret looks inside the room -- shelves stocked with Ramen noodle packets.

CLERK (CONT'D)  
Or mix and match. Three for dollar.

BRET  
No, thanks.

Clerk tosses magazines aside.

CLERK  
You know, used to do big business in  
puss-book. The men come in get one, two  
sometime three puss-book with butter-roll  
and coffee. Now, no puss. Just Ramen.

Produces a magazine sealed in black plastic.

CLERK (CONT'D)  
Maybe very special puss-book? You know why  
very special?

BRET  
Why very special.

CLERK

*Angelus*. Never open. Never touch.

BRET

Huh.

CLERK

The office, she used to be very close. The *Angelus* girls would even come here for their *Rapture* and *Ding-Dong*. Then they go away too.

BRET

Sorry. A little short at the moment.

Clerk gestures to parking lot.

CLERK

You?

BRET

Passing through.

CLERK

We are all doing that, my friend.

BRET

Garbanzos.

CLERK

Sorry?

BRET

Beans. Have any?

Indicates a shelf.

BRET (CONT'D)

A bit disorganized.

Clerk indicates a *Help Wanted* SIGN.

CLERK

You want?

LATER

Kinetoscope COMES ON:

*Begger Girl holds out a cup. Crowd flows past.*

Bret methodically organizes cans on a shelf.

Clerk slices cold cuts, watches SCENE.

*A procession of masked Dancers appear. Begger Girl shrinks back into the alley.*

CLERK

I used to dance. But now my knees...

BRET

Ever watch anything else?

CLERK

Why would one.

Bret leaves it at that.

*A Pig Beast Dancer, single eye flanked by imposing tusks, stops at the alley. Begger Girl shrinks further back.*

CLERK (CONT'D)

There is Na'am Khama Imran Immaculate.  
But just Mac to his friends.

*Beady-red eyes appear in the darkness -- a fanged PIGLET CREATURE scurries past Begger Girl.*

CLERK (CONT'D)

And his mischievous little friend, Mini Mac.

Bret looks to Pig Beast statuette.

BRET

Villian?

CLERK

Some say. Others, savior.

BRET  
One of those.

CLERK  
Before the world was born there was only  
Immaculate. And all was harmony, but very  
boring. So he gave himself an eye to see,  
then created the beauty. But with the  
beauty comes...

Clerk opens window blind to the street.

BRET  
Shit.

CLERK  
Indeed. So every so often Immaculate must  
enter our realm, to the very spot where all  
the dark flows together. And wait...watch...  
for the two mortals who will create a beast  
that can do what not even a god can.

BRET  
Beast?

CLERK  
Love, my friend. And without it, no music.  
No dancing. Light. Dark. You. Me. Everything...

*Pig Beast Dancer enters the alley, spots Begger Girl's candle,  
and blows it out.*

CLERK (CONT'D)  
Kaput.

BRET  
Nice fairytale.

CLERK  
Immaculate beats within us all, my friend.  
And when he says dance...

Executes a few dance steps.

CLERK (CONT'D)  
You dance.

Wraps some cold-cut scraps.

CLERK (CONT'D)  
For your pet.

BRET  
Don't have one.

CLERK  
Well, the little animal that comes out of  
your trailer at night.

BRET  
Nope.

Clerk dumps the scraps into a bag.

CLERK  
To the trash then.

EXT. BODEGA - NIGHT

Bret steps to the dumpster, brings up bag of garbage.

BUBBLING emanates from deep darkness within.

Bret drops the garbage into it.

INT. BODEGA - NIGHT

Clerk locks the door.

CLERK  
Beats within us all. But some...

Flips SIGN to *Closed*, looks out to Bret's trailer.

CLERK (CONT'D)  
Stronger than others.

INT. BRET'S TRAILER - NIGHT

Steam fills the room as Bret showers.

LATER

Bret towels off, notices:

Eye, steamed onto the mirror. Bret considers Eye for a few beats, wipes it away.

LATER

Bret sits before the freezer.

BRET  
Mischievous little friend?

Silence.

BRET (CONT'D)  
By the way, we are aware that we are  
deceased. Lest we forget...

CUT TO:

INT. SLAUGHTERHOUSE - FLASHBACK

Another industrial operation. Bret eviscerates a pig carcass impaled on a hook. SOFT SQUEALING. He kneels.

A piglet -- pig carcass incarnate, peers out from under the machinery.

BACK TO:

BRET'S TRAILER

Bret leans close to the freezer.

BRET  
From whence we came.

CUT TO:

CAM ROOM

Tammy slumbers, turns:

Blood -- smeared across the backdrop.

Tammy checks herself. Nothing. She brings a finger to the blood:

Still wet.

Eye stares.

TAMMY

Happen to see anything?

Eye stares.

TAMMY (CONT'D)

So can I help you with something? Or just  
looking for some company.

Eye stares.

TAMMY (CONT'D)

Anyone ever tell you it's not fuckin'  
polite to --

SCURRYING -- swift movement. Backdrop sways. Tammy peeks behind:

A small nest of shredded Ding-Dong wrappers.

TAMMY (CONT'D)

(to herself)

Ding. Dong.

INT. BODEGA - DAY

Bret rings up a *Rapture*.

BRET

Three twenty-five.

Tammy stands at the counter, no response.

BRET (CONT'D)  
I work here. Now.

TAMMY  
I know you saw me.

Bret is silent.

TAMMY (CONT'D)  
How about I just bring it back.  
(reconsiders)  
That is, I would bring it back but --

Tammy looks to Pig Beast statuette and its new eye.

BRET  
No worries.

Tammy pauses. She rummages through her bag, produces a handful of change. Bret bags her drink.

BRET (CONT'D)  
Next time.

Tammy takes the drink.

TAMMY  
Thanks.

She regards the organized shelves.

TAMMY (CONT'D)  
Well, things are tidier.

BRET  
Getting there.

TAMMY  
That your trailer out back?

BRET  
It is.

TAMMY  
Nice. I mean, must be nice to just --

Tammy notices a jeweled knife, blade gleaming, at the feet of Pig Beast statuette. She stares, recovers.

TAMMY (CONT'D)

I started a new job too. Sorta.

BRET

Great.

TAMMY

See how it goes.

BRET

Plus you're not responsible.

TAMMY

Oh. For what.

BRET

Your actions.

TAMMY

What actions.

BRET

Harmful ones. Mostly.

TAMMY

So then who --

BRET

Glands.

TAMMY

Glands?

BRET

Correct.

TAMMY

Correct about fuckin' what?

BRET

Bad ones make you do bad things. So they really should be cut --

Kinetoscope COMES ON:

*Begger Girl dozes. GENTLEMAN, dapper in top hat and gold monocle, notices her. Stops.*

Bret unplugs the kinetoscope -- SCREEN goes BLACK.

TAMMY  
Not your thing?

BRET  
Fairytale.

TAMMY  
Happy-ever-fuckin'-after.

Bret is silent.

TAMMY (CONT'D)  
So, you were saying?

BRET  
Another time.

TAMMY  
Sounded kinda interesting.

BRET  
(beat)  
Another time.

INT. TAMMY'S BEDROOM - NIGHT

Tammy lies in bed, runs a finger along blade of the jeweled knife.

MOTHER (O.S.)  
We're out late...

Tammy hides the knife. Mother stands in the doorway.

MOTHER (CONT'D)  
Lately.

Tammy remains silent.

MOTHER (CONT'D)  
Just try not to do anything too stupid,  
dear.

Mother steps away. Tammy adds the knife to cache in shoebox.

INT. BRET'S TRAILER - NIGHT

DRIP...

Bret wakes, notices:

The I.V. tube stuck in his arm.

He yanks it from his vein, looks to the freezer.

Silence.

CAM ROOM

Tammy wakes -- BLOOD across her stomach. She wipes it, reveals:

A small INCISION in her abdomen. She looks to ceiling.

Eye stares. RASPY BREATHING...

From outside the room.

OFFICE

Tammy follows BREATHING down the corridor, pokes her head into the darkened office.

One of the MONITORS SWITCHES ON -- EYE comes up on SCREEN.

TAMMY  
Okay. So whoever or whatever --

BESTIAL GROWL.

RASPY VOICE

*Cut...*

TAMMY

As I was saying, if you're looking to fuck with somebody, basically my whole life has been one big fuck. So do us both a favor and --

RASPY VOICE

*Cut!*

TAMMY

*Cut?*

RASPY VOICE

*Dirty...stinkin'...slut. CUT THEM OUT!*

MONITOR GOES BLACK. Silence.

BACK TO:

CAM ROOM

Tammy sits, notices:

Blood smeared across the mattress. She slips a hand beneath, brings out:

The jeweled knife -- blade bloodied.

TAMMY

*Cut...?*

Looks to Eye -- *epiphany*.

TAMMY (CONT'D)

*Motherfuck --*

CUT TO:

INT. BODEGA - NIGHT

Bret stands at the counter.

BRET

Hi.

Tammy stands before him.

TAMMY

Might want to see a doc.

BRET

Sorry?

TAMMY

That cold sounds pretty nasty. All congested.

BRET

Sorry?

TAMMY

Cut...the shit.

Before Bret can respond.

TAMMY (CONT'D)

It's a camera.

Bret is silent.

TAMMY (CONT'D)

And you sit in here...and watch.

Indicates kinetoscope.

TAMMY (CONT'D)

On that thing, perhaps?

Opens a *Rapture*.

TAMMY (CONT'D)

Maybe slip a little something in here first to knock me out? Then sneak in and...do what you do. That your...

Slaps bloodied knife onto counter.

TAMMY (CONT'D)

Kink?

BRET

(beat)

First off --

TAMMY

First off I'm just a minor so if I --

BRET

That...

Tammy follows Bret's gaze:

A splotch of blood has soaked through her top at the incision.

BRET (CONT'D)

Needs to be taken care of.

EXT. BRET'S TRAILER - NIGHT

Bret unlocks the door. Tammy hesitates.

TAMMY

Seriously?

BRET

It's nice.

FLIES SWARM. Tammy turns:

The dumpster looms.

BRET (CONT'D)

Said so yourself.

Bret opens door.

CUT TO:

INT. BRET'S TRAILER - NIGHT

Tammy takes in the surgical set-up.

TAMMY

Please. Just not the face.

Bret slips on a latex glove.

TAMMY (CONT'D)

So they can at least identify me.

Bret slips on another glove, pats table. Tammy resigns herself, sits. Bret does not move. Tammy takes the hint, hikes up her top to a bloodied makeshift bandage.

TAMMY (CONT'D)

Yank away. I'm pretty good with --

Bret removes the bandage with a yank. Tammy bites her lip.

TAMMY (CONT'D)

That.

Bret studies the incision.

TAMMY (CONT'D)

Am I gonna live?

BRET

A good cleaning.

TAMMY

And this has nothing to do with you?

BRET

Don't want an infection.

TAMMY

Can you answer a fuckin' question for once.

BRET

It's a little complicated.

TAMMY

I'm actually pretty smart.

Bret finishes, steps back.

BRET

Good.

TAMMY

That's it?

Bret opens the trailer door. Tammy does not move.

TAMMY (CONT'D)

Maybe a little something else?

BRET

Pain?

TAMMY

No. For what I'm giving you.

Hikes her top up a bit more.

TAMMY (CONT'D)

Pretty obvious you're enjoying it.

BRET

You want me to pay you.

TAMMY

Only fair. I may even let you...

Traces a fingertip around bandage.

TAMMY (CONT'D)

*Cut.*

(before Bret can respond)

Oh, sorry. All this has absolutely nothing to do with you. Right?

BRET

There is...something. But --

TAMMY

Teacher.

Bret falls silent.

TAMMY (CONT'D)

That is were a teacher. Highschool? Biology of course.

(Bret remains silent)

And...you hooked-up with one of your students. She came on to you, of course. Couldn't resist those baby-blues. But didn't matter, had to bounce the hell out. Find some shit-hole to get lost.

BRET

(beat)

Find it?

TAMMY

*Hah!* See, pretty smart.

BRET

And watch. And wait for the one thing...

TAMMY

That'll save you? Gonna be one long-ass wait. And I had a teacher that tried that.

BRET

How'd that happen.

TAMMY

He asked if I wanted to smoke a fatty and discuss the mysteries of life. Told him to fuck-off. Then I fucked him.

BRET

No.

Indicates incision.

BRET (CONT'D)

That.

TAMMY

Maybe just scratched it somehow.

BRET

That's not a scratch.

TAMMY  
Okay. It's not a scratch.

SCURRYING.

BRET  
(beat)  
Rats.

TAMMY  
Damn. Fuckers are everywhere.

BRET  
I should get back.

Tammy stands.

TAMMY  
And don't worry, Teach. Hush-hush.

EXT. STREET CORNER - NIGHT

Tammy rounds the corner. A figure sits slumped in the alley.  
Hoodie Man lifts a faceless gaze to Tammy. She backs away.

INT. BRET'S TRAILER - NIGHT

Bret vigorously showers. He pauses, brings up a hand:  
Fingernails have thickened. Yellowed. Become...  
HOOF-LIKE.

CUT TO:

EXT. ANGELUS ESTATE/SWIMMING POOL - DAY

Senior floats in the pool. Junior floats alongside.

JUNIOR  
Lovely day.

SENIOR

Not a cloud in the sky. How's everything  
at the house?

JUNIOR

Oink in one end. Sausage out the other.

SENIOR

That's my boy.

(produces a cigar)

Two things in this here world the masses  
will always crave. Meat...

Angelus Girl steps poolside, lights Senior's cigar, and spreads  
her wings. Senior takes her in with a puff.

SENIOR (CONT'D)

And meat.

CUT TO:

CAM ROOM

Tammy lies awake -- *premonition*. She reaches under the mattress,  
removes:

A grape-size bit of GLANDULAR FLESH.

LATER

Tammy studies the bloodied flesh, squeezes.

A drop of black bile oozes from tip of the gland.

Eye stares.

TAMMY

Like that?

She smears the bile across her abdomen, the incision.

TAMMY (CONT'D)

Had a feeling you --

Soft FOOTSTEPS. Tammy freezes. DOOR CREAKS. Silence.

CORRIDOR

Tammy pokes head out, spots faint light coming from another room.

CAM ROOM #2

Tammy slowly opens door to:

Bambi...

Nude on mattress of rose pedals.

BAMBI

Hi.

Tammy stands mute.

BAMBI (CONT'D)

You the new girl?

TAMMY

(finally)

I guess.

BAMBI

Just wrapping things up.

Stretches.

BAMBI (CONT'D)

Hungry, new girl?

INT. "FRY JOINT" - NIGHT

Tammy and Bambi munch french-fries.

BAMBI

Strip-joints, promo stuff, special appearances. Still a few Angelus fans out there, just gotta work it.

TAMMY

(not quite recovered)

Right. But those rooms, there's nothing -- or nobody -- actually *watching*, is there?

BAMBI

(beat)

You're cute. Did you hurt yourself?  
(re: bandage)

TAMMY

It's nothing.

Bambi dips a fry.

BAMBI

Avocado-chocolate is good. But the salty  
caramel kicks booty.

TAMMY

Beats sloppy-joe Tuesday.

Bambi scrutinizes her.

BAMBI

West River?

TAMMY

Go wildcats.

Bambi jumps to her feet, executes a cheer.

BAMBI

*Go cats go!*

(sighs)

Seems like a gazillion years ago. But I  
was definitely that bitch.

TAMMY

Bet you were.

Bambi gives her a look.

BAMBI

Sure we haven't met?

TAMMY

Pretty sure.

BAMBI

Well...

Brushes back wisp of Tammy's hair.

BAMBI (CONT'D)  
Extremely nice to meet you.

CUT TO:

CAM ROOM

Eye stares.

TAMMY  
But...

Bambi pulls her down.

BAMBI  
(whisper)  
I don't think he'll mind.

LATER

Tammy wakes. Bambi is gone. More blood.

Another small incision in Tammy's abdomen. She reaches under the mattress, brings out:

Another bit of glandular flesh.

INT. TAMMY'S BEDROOM - NIGHT

Tammy wraps the gland in tissue, adds it to cache in shoebox.

INT. BEV'S BEDROOM - NIGHT

Bev yawns, half awake.

BEV  
(into phone)  
What are you babbling about?

BACK TO:

TAMMY'S BEDROOM

Tammy talks on phone.

TAMMY

Just...have you ever had anything removed?

INTERCUT BEV/TAMMY

BEV

Removed?

TAMMY

Taken out. Surgery or whatever.

BEV

Ummm tonsils when I was a kid. What fuckin' time is --

TAMMY

Do you remember how you felt? After?

BEV

Like I had the back of my throat ripped out. Good night.

TAMMY

But did you feel *different*?

BEV

Oh, you got laid. Congrats.

TAMMY

Not exactly.

BEV

*Tammy...*

TAMMY

Well, there is this guy. He's kinda old, like thirty. And works at a dump of a store. But we've hung out a few times and did...stuff.

BEV

Just try not to do anything too stupid, dear.

Bev ends the call.

TAMMY  
Yes, mother.

INT. BODEGA - NIGHT

*Begger Girl lies shivering in the alley. Gentleman offers her a blanket.*

Clerk watches.

CLERK  
Don't like the look of this one.

*Begger Girl takes the blanket. Gentleman offers a plate of food.*

CLERK (CONT'D)  
A real operator. But not to worry. We know  
who always gets the beauty in the end...  
(to Pig Beast statuette)  
Don't we.

EXT. BODEGA - NIGHT

Tammy steps from the shadows, regards Bret's darkened trailer.

INT. BODEGA - NIGHT

Tammy steps to the counter. Nobody in sight.

Kinetoscope COMES ON:

*Begger Girl hungrily eats. Toothless Woman appears, places a mirror before Begger Girl -- she turns away from reflection.*

Tammy watches -- movement in shadows. A can on a shelf shifts slightly. Tammy approaches, slowly lifts the can...

BEADY EYES peer out -- FANGED PIGLET CREATURE HISSES, swiftly scurries away flinging cans in its wake.

Tammy recoils into:

Bret. He regards the strewn cans.

TAMMY

I didn't...there was some kind of little...

Bret remains silent.

LATER

Tammy picks up a can from the floor, reads label.

TAMMY

Pureed *dal*.

BRET

Salted?

Tammy checks.

TAMMY

Unsalted.

She hands the can to Bret. He replaces it on the shelf.

TAMMY (CONT'D)

Are we dating?

(beat)

Other than the physical part.

(beat)

I mean, we are doing *something* physical,  
but it's obviously not sex.

Checks another can.

TAMMY (CONT'D)

Salted. Sorta obviously.

Bret replaces the can.

BRET

We're doing this.

TAMMY

And this is?

BRET  
Everything...

Straightens the cans.

BRET (CONT'D)  
Proper.

TAMMY  
(guffaw)  
Yeah. Real *proper*.

Another can.

TAMMY (CONT'D)  
Unsalted.

Bret replaces the can.

TAMMY (CONT'D)  
So is your disdain for norms and  
expectations as defined by society based  
on ideology or morality?  
(before Bret can respond)  
I stayed awake for that class.

BRET  
No.

He shows her the label.

BRET (CONT'D)  
Salted.

TAMMY  
Sharp.

Bret replaces the can.

TAMMY (CONT'D)  
Or is it because they see you as a  
monster.

BRET  
They see nothing.

TAMMY  
They sure don't.

She checks another can -- no label.

TAMMY (CONT'D)  
Uh-oh. Eternal mystery.

Bret produces the endoscopic surgical instrument. HIGH-PITCHED WHIRR as he uses it to cut open the can.

A plump PIGS HEART slides out into Tammy's hand. The organ quivers. BEATS TO LIFE. Bret tastes a bit of blood.

BRET  
Salt.

Bret scoops the heart back into the can, runs a finger over top of can -- sealed.

TAMMY  
*Oh fun!* Figured had to have some magic  
up your sleeve. Gotta teach me one day.

Bret gives the cans a final straightening.

TAMMY (CONT'D)  
Hey maybe I'll join you, life on the run. I'm  
good at that kind of shit. And you can keep  
taking out bits of me, little by little, till  
there's nothing. Nice and empty.

Kinetoscope COMES ON:

*Gentleman leads Begger Girl from the alley into sunlight, pours  
water from a flask onto the pavement. A pool of water forms.*

BRET  
Fairytale.

TAMMY  
Sure...

*Begger Girl dips a foot into the sparkling pool.*

Tammy lies back, seductively hikes top up to the incisions.

TAMMY (CONT'D)  
Happy-ever-after.

INT. BRET'S TRAILER - NIGHT

Perhaps.

alongside Senior.

PIG BEAST

Heaven.

SENIOR

Indeed...

Lifts cigar for winged Angelus Girl to light.

SENIOR (CONT'D)

Make that *fuckin'* heav --

Senior suddenly gasps. He coughs a stream of blood, spasms,  
slips facedown into water.

Pig Beast takes Senior's cigar, exhales a smoke-ring.

Ring drifts upwards.

Bev brings her car to a stop alongside rows of parked cars.

BEV  
Must be the place.

Tammy adjusts her little black dress.

BEV (CONT'D)  
And lucky we're the same size.

TAMMY  
Sure you can't --

BEV  
I would, but Twenty-Nine's being his usual a-hole-self. However, that is not going to stop you from enjoying yourself for once.

Tammy does not move.

BEV (CONT'D)  
You okay?

TAMMY  
Yeah. Enjoy myself.

Tammy steps from the car.

EXT. ANGELUS ESTATE - NIGHT

A couple dozen Angelus Fans -- Eastern European slicksters, dark glasses and shirts open to gold chains/copious chest hair, leer at the dancers.

SLICKSTER #3  
You like?

TAMMY  
The color.

SLICKSTER #3  
Black, like the sea. Ever been?

TAMMY  
I haven't been anywhere.

SLICKSTER #3  
Maybe I take you. To beautiful, black...

Steps out, unzips fly.

SLICKSTER #3 (CONT'D)

BAMBI  
Been there many-a-time.

Leads Tammy away.

BAMBI (CONT'D)  
Disappointing as fuck.

LATER

Bambi brings Tammy over to NORMAL GUY, 20's, oddly normal under the circumstances.

BAMBI (CONT'D)  
Now this is my friend and he's a little shy so he wanted me to introduce you so you two have fun.

TAMMY

But...

Bambi vanishes into the haze. Tammy and Normal Guy stand in awkward silence.

NORMAL GUY

TAMMY

I gotta pee.

Tammy steps away.

*Toothless Woman shuffles up.*

TAMMY (V.O.) (CONT'D)

How's it look? Everything in its place?

*Toothless Woman tosses a bag of garbage into alley.*

BRET (V.O.)

Immaculate.

TAMMY (V.O.)

Only you would come out with something like that. So I'm ready when you are. I travel light.

*Crow descends on the garbage.*

BRET (V.O.)

All the stink. Leave it all.

TAMMY (V.O.)

Gotchya. So how about just a day and time we're leaving all this stink. And if you say it's complicated I'm gonna fuckin' scream.

BRET (V.O.)

How about...

*More crows descend.*

BRET (V.O.) (CONT'D)

Forever.

Tammy gazes into the surgical light -- LIGHT INTENSIFIES --  
PULSATES -- MORPHS INTO A FIERY BRANDING IRON.

*Begger Girl reaches out, finds the JEWELLED KNIFE, holds it poised  
to bury into back of thrusting Beast.*

GHOSTLY HOOVED HAND of Pig Beast guides TAMMY'S HAND and KNIFE  
as she makes an incision in her abdomen, inserts a finger...

RASPY VOICE OF PIG BEAST (O.S.)  
*Within us all...*

And EXTRACTS a softly pulsating GLAND.

*Begger Girl BRINGS KNIFE DOWN -- but slashes it ACROSS HER OWN  
CHEST.*

Tammy -- SEVERS THE GLAND.

BODEGA

Clerk mulls.

CLERK  
So, you don't get the beauty? So, there

MOTHER  
(inebriated)  
Yeah, my underaged daughter's being  
kidnapped and fuckin'...  
(burped)  
Raped.

EXT. BODEGA - NIGHT

Viscous stream of sewer-blood flows towards the dumpster.  
HEARTBEAT INTENSIFIES. The stream solidifies into a PULSATING  
ARTERY -- PUMPING INTO DUMPSTER.

BACK TO:

BRET'S TRAILER

Approaching POLICE SIRENS. Tammy weakly rolls over. SIRENS WAIL.

Tammy brings the knife to her wrist, presses. Blood trickles.

SOUND OF OCEAN SURF.

BAMBI (V.O.)  
Say it...

Bambi lowers lips within hairsbreadth of Tammy.

BAMBI (CONT'D)  
*For me.*

The golden feather drifts down. Tammy -- *drawn into Bambi's*  
gaze -- lets the knife slip from her fingers...

BACK TO:

DUMPSTER

The knife pierces artery leading to the dumpster -- BLOOD GUSHES  
OUT. Heartbeat weakens. Artery becomes flaccid.

Dark clouds obscure the sun -- silence descends.

Hoodie Man appears at the alley, lights cigarette.

Crow lands. Waits.

Toothless Woman shuffles up, tosses bag of garbage, shuffles off.

Crow hungrily eyes the bag at Hoodie Man's feet. More crows  
flutter down.

Hoodie Man kneels, opens bag:

Mass of writhing magots. Feeding...on flesh...

Human flesh.

Hoodie Man takes final pull of cigarette, scoops up the bag, steps to the dumpster, and dumps the writhing contents of bag into it.

HEARTBEAT RESUMES. Artery leading to the dumpster PULSATES BACK TO LIFE.

BACK TO:

BODEGA

Clerk looks to Pig Beast statuette.

CLERK

*Hah! Figured had a few tricks left. After all, she may be a beauty...*

Flips SIGN to *Closed*.

CLERK (CONT'D)

*But you are a god.*

Clerk turns off lights, steps out.

DRIP...

A drop of blood oozes from eye of Pig Beast statuette.

CUT TO:

INT. TAMMY'S BEDROOM - DAY

Drawn curtains cast semi-darkness.

Tammy groggily wakes, regards a large bandage on abdomen.

LATER

Tammy winces as she removes the bandage, exposes a raw burn -- a  
BRANDING:

Eye -- seared around her navel.

Mother bursts in. Tammy covers herself.

MOTHER  
What are you doing?

Leads Tammy back to the bed.

MOTHER (CONT'D)  
Rest. That's what the doctor said.

Opens pill bottles.

MOTHER (CONT'D)  
And time for these.

TAMMY  
I'm sick of sleeping. And I want my phone.

MOTHER  
(rapid)  
Now the doctors say you've been totally fuckin' traumatized for having your guts ripped out but luckily they weren't important guts and that bastard's in jail but some are starting to say there really is a conspiracy with guts they don't want us to know about making us sick and these guts need to be ripped out and they've started calling that sick bastard...  
(breath)  
Immaculate.

She presents Tammy with handful of pills. Tammy hesitates, takes them.

MOTHER (CONT'D)  
We'll talk later, dear.

Mother steps out. Tammy spits out pills.

EXT. TAMMY'S HOUSE - DAY

A window opens. Tammy climbs out.

EXT. BODEGA - DAY

Tammy stands before Bret's trailer cordoned off with police tape, notices Hoodie Man's still smoldering butt on the ground and:

The garbage bag beside the dumpster.

Tammy approaches the bag -- mass of magots feed on flesh.

Tammy steps closer. Flesh beneath the magots takes shape. Something human...something severed...a female...

Breast.

Tammy stands transfixed, backs away.

EXT. TATTOO PARLOR - DAY

Tammy rounds a corner, stops at a small SIGN in parlor window:

*Immaculate*

INT. TATTOO PARLOR - DAY

Tammy browses the tattoo samples and body piercings. TAT MAN, heavily inked, appears.

TAT MAN  
Help ya?

TAMMY  
That sign in the window...

Tat Man scrutinizes her.

TAMMY (CONT'D)  
I'm interested.

TAT MAN  
Twelve hundred for initial. Cash.

TAMMY  
Initial?

TAT MAN  
Extraction. Seven-fifty each additional.

TAMMY  
So, I mean...

She looks past Tat Man to a darkened back room with a surgical chair and instruments.

TAMMY (CONT'D)  
You take out...?

TAT MAN  
Tell ya what, we go ahead and I'll throw  
in the branding.

Brings up an EYE branding iron.

TAT MAN (CONT'D)  
*Immaculated* for all to see.

TAMMY  
(beat)  
I'll think about it.

INT. BEV'S BEDROOM - NIGHT

Bev dozes. PHONE RINGS. She answers, bolts upright.

BEV  
Tammy! What the --  
(beat)  
Yeah but --  
(beat)  
Yeah but where the hell --

She steps to a window, peers down.

Tammy looks up from below.

TAMMY

Hi.

EXT. HIGH SCHOOL/FOOTBALL FIELD - NIGHT

Bev and Tammy sit in the otherwise empty bleachers.

BEV

Now before you say anything, you do know  
you can trust me. With anything.

TAMMY

That's kinda why I'm here.

BEV

Because I know what you've been doing. To  
yourself.

TAMMY

Of course you do. But --

CAWWW! Crow flutters down.

BEV

Hello, harpie.

TAMMY

Harpie?

BEV

A crow with red eyes.

Bev pushes hair aside to a bandage on nape of neck, removes it  
to expose a still raw TATTOO:

A HANGMAN'S NOOSE with: *What Creates Also Destroys*

BEV (CONT'D)

If you...

Makes slashing motion across throat.

BEV (CONT'D)  
 ...yourself, then you're condemned to hell  
 where harpies peck at your flesh for all  
 eternity.

CAR HORN. A car pulls alongside Bev's in parking lot.

BEV (CONT'D)  
 Twenty-Nine. Better go.

Bev heads down to the cars. Crow flies off.

TAMMY  
 Bye, harpie.

Tammy notices:

A strange glow on horizon.

EXT. ANGELUS ESTATE - NIGHT

Tammy steps to the pool aglow in intense light. Nobody in sight. Another glow emanates inside the house.

INT. ANGELUS ESTATE - NIGHT

The paneled room with rows of identical frames.

Tammy enters, steps to the first FRAME:

An *Angelus* COVER -- Winged Angelus Girl, recumbent in rear of the '69 Mustang Convertible, MARKED:

*Issue #1*

A bright SHAFT OF LIGHT falls on a FRAME at far end of room.

Tammy steps past rows of chronologically arranged *Angelus* COVERS -- Winged Girls before identical clouds/sky backdrops. She comes to the illuminated frame:

Sheathed in black plastic. Plastic begins to melt, drip away under heat of intense light, exposing COVER beneath:

Bambi, recumbent in rear of the '69 Mustang Convertible, MARKED:

*FINAL ISSUE -- F\*CKIN' KAPUT*

*Something else* about COVER:

A DEEP SLASH across Bambi's throat.

Tammy is transfixed. SOUND of GARAGE DOOR OPENING.

CUT TO:

GARAGE

Tammy steps into the dark.

The Mustang Convertible takes shape. Tammy approaches:

Bloodstain...

Splashed across rear seat -- movement.

The golden feather drifts down, lands at a stain-aged sheet draped over a hanger. Tammy lifts the sheet:

Wings -- layers of pristine, golden feathers.

HANDS cover Tammy's eyes from behind.

BAMBI (O.S.)

It's just me.

TAMMY

But...how...

BAMBI

Shshsh.

Runs a hand through the wings.

BAMBI (CONT'D)

Like them?

TAMMY

Beautiful.

BAMBI  
Well, if you give me...

Traces fingertip across Tammy's neck.

BAMBI (CONT'D)  
A little something...

Down Tammy's arm.

BAMBI (CONT'D)  
They can take you to a place where  
everything is just as beautiful.

Across Tammy's wrist.

BAMBI (CONT'D)  
And they'll be yours...

Bambi's eyes glow beady-red -- hair takes on a black-feathery  
sheen -- FACE ELONGATES -- MORPHS INTO...

CROW.

BAMBI/CROW (CONT'D)  
(whisper into Tammy's ear)  
*Forever.*

SMASH CUT TO BLACK

THE DUMPSTER

HEARTBEAT. DEEP GROWL. Tammy stands before the dumpster.

RASPY VOICE  
*Come...*

Tammy takes a step. Blood oozes from her wrists. HEARTBEAT  
within dumpster INTENSIFIES.

RASPY VOICE (CONT'D)  
*That's it. Leave it...*

Tammy takes another step. MASS WITHIN PULSATES -- STRENGTHENS.  
Tammy's blood flows. Life ebbs.

RASPY VOICE (CONT'D)  
*All the disgusting...putrid...*

Tammy leans into the dumpster.

BESTIAL GROWL. PIG BEAST MATERIALIZES WITHIN THE MASS --  
SWIRLING ARMS REACH FOR TAMMY.

Darkness envelopes Tammy. Silence. Then...

BABY'S WHIMPER.

Tammy lies fetal. She opens her eyes, finds herself in the alley.

WHIMPER.

Tammy weakly sits up, turns...

Hoodie Man sits slumped.

WHIMPER.

Hoodie Man looks to Tammy, pushes back hood to reveal...

Begger Girl.

WHIMPER.

A newborn piglet, single cycloptic eye uncannily human, emerges  
from Begger Girl's arms.

Begger Girl holds Tammy's gaze, parts her robe:

Rows of withered, swine-like teats run length of Begger Girl's  
chest, and a scabbed SCAR where a BREAST was crudely CUT OFF.  
Piglet attempts to nurse, but breast/teats are dry.

Begger Girl kisses piglet, pauses, and holds it out to Tammy.

Tammy hesitates -- *considers the dumpster*. But instead takes  
piglet from Begger Girl and...

Brings piglet to her own breast.

ROAR OF PAIN FROM DUMPSTER. DUST SWIRLS.

Tammy shields piglet as the garbage truck lifts dumpster aloft.

THE FLESHY MASS SLIDES OUT along with wave of VISCOUS, BLOODY SLUDGE.

All goes quiet. Dust clears. Tammy wipes her eyes.

Piglet is gone.

Begger Girl gone.

No blood.

Wrists healed.

Sun emerges, falls on the sludge as it is absorbed into the earth.

Tammy watches as last bit disappears with a DEEP BURP.

CUT TO BLACK

INT. BODEGA - DAY

Clerk mulls.

CLERK

So, the beauty finds love but there is no lover? But that would mean, perhaps, a different kind of...

Looks to Pig Beast statuette.

CLERK (CONT'D)

Beast?

Clerk looks past the statuette, out window to:

Bret's trailer.

EXT. BODEGA - DAY

Clerk approaches Bret's trailer. BUZZZ -- flies lead his gaze to dumpster, and something coated in sludge draped over the side.

Clerk approaches dumpster, removes:

Bret's plaid tie.

Clerk considers the tie, gazes into darkness within.

CLERK  
Oh, my friend.

CUT TO BLACK

SOUND OF OCEAN SURF

CUT TO:

OCEAN BEACH - DAY

Gold-flecked makeup is brushed onto Tammy's eyelids. She opens them to Bambi.

Tammy, framed by golden wings, lies recumbent in rear of the Mustang Convertible -- part of a production set with lights/reflectors arranged on a stretch of beach.

Bambi guides Tammy's hand to her own navel, to a seared BRANDING of EYE identical to Tammy's.

Tammy -- *about to speak.*

Bambi silences Tammy with a finger across her lips, flashes an enigmatic smile, and disappears into the haze.

CUT TO:

A TELEVISION SCREEN/PRISON CELL

*Begger Girl sits in the alley as crowd passes. A golden feather flutters down. She raises gaze to Begger Boy. He offers the feather. Begger Girl reaches -- fingertips meet.*

SCREEN GOES BLACK

Bret, long-scraggly hair/beard, lies on a cot in the tiny cell. He TURNS OFF the small TELEVISION. SCURRYING.

A small, clawed hand pushes something through the door slot.  
SCURRIES AWAY.

Bret shuffles over, picks up, unfolds:

Tammy, framed by angel wings, recumbent in the Mustang.

Bret places the CENTERFOLD at the foot of the cot, tucks his  
curlicue SWINE TAIL under his jumpsuit, settles back, and takes  
Tammy in with a BESTIAL GROWL.

CUT TO:

THE SKY

Tammy floats through the blueness, opens her eyes to sun-rimmed  
clouds.

FADE OUT.

THE END
